

Did you know?

The amount of water consumed by residence halls in one year could fill three-and-a-half Spartan Stadiums.

3.5
STADIUMS
filled with
WATER

How much water are YOU wasting?
Make every drop count:

1 Take shorter showers.

Stop the drop, report leaky faucets.

Report leaky faucets to the Guest Service Center (front desk) or contact the Facilities Manager of your residence Hall.

3 Turn water off while brushing teeth.

4 Instead of running water while washing or shaving, fill the basin.
